**Zoning and Neighborhood Plan Amendments
(Public Hearings and Possible Action)
RECOMMENDATION FOR COUNCIL ACTION**

ITEM No. 98

Subject: C14-06-0102 - Ravenscroft - Conduct a public hearing and approve an ordinance amending Chapter 25-2 of the Austin City Code by rezoning property locally known as 11301-11351 Block of Manchaca Road (Slaughter Creek Watershed) from interim-rural residence (I-RR) district zoning to townhouse and condominium residence (SF-6) district zoning. Staff Recommendation: To grant townhouse and condominium residence-conditional overlay (SF-6-CO) combining district zoning with conditions. Zoning and Platting Commission Recommendation: To grant townhouse and condominium residence-conditional overlay (SF-6-CO) combining district zoning with conditions. Applicant: Huston-Tillotson University (Larry L. Earvin). Agent: Bury & Partners (Melissa Matthiesen). City Staff: Wendy Walsh, 974-7719.

[J. MARTINEZ, J. PINNELLI 2ND] (8-0) K. JACKSON – ABSENT

ISSUES:

Following action by the Zoning and Platting Commission, the Applicant has requested that Council consider reallocating the total number of units on the Ravenscroft development. On the subject tract, the Applicant has requested a reduction in the number of units from 26 to 18. On the north side of Melibee Trail, the Applicant has requested an increase in the number of units from 70 to 78. The reallocation does not increase the number approved by the Zoning and Platting Commission on both tracts. Please refer to the Applicant's written request at the back of the packet.

The Applicant and Agent have reached an agreement with representatives of the Canterbury Trails subdivision.

The Hillcrest Homeowners Association has submitted a resolution in opposition to the Applicant's proposed zoning request, and supportive of commercial zoning. Please refer to correspondence attached at the back of the Staff report.

DEPARTMENT COMMENTS:

The subject property is undeveloped, zoned interim – rural residence (I-RR, upon its annexation into the City limits), is situated at the corner of Manchaca Road between Melibee Trail and Chappell Lane. A related, undeveloped tract is across Melibee Trail to the south (also proposed for SF-6 zoning) and the Canterbury Trails single family residential subdivision is adjacent to the east. The land further south is within the County and consists of commercial uses along Manchaca Road, and residential uses (single family residences,

manufactured homes and a few duplexes) and undeveloped land to the east. Across Manchaca Road to the west is primarily commercial or office zoned property at the entrances of the Olympic Heights and Hillcrest subdivisions (GR-CO; I-RR; LR-CO; LO-CO). Please refer to Exhibits A (Zoning Map) and A-1 (Aerial View).

Although the approved Preliminary Plan identifies this tract as multi-family or commercial, the Applicant proposes townhouse and condominium residence (SF-6) district zoning in order to construct 35 townhouse / condominium lots, for a total of 70 dwelling units. (FYI, a note on the approved Preliminary Plan prohibits duplexes). As shown in the Applicant's conceptual plan, one driveway is proposed to Melibee Trail and one to Ravenscroft Drive. The tract to the south is also proposed for SF-6 zoning in order to construct 13 lots (26 dwelling units) for a combined total of 96 units across both tracts. Please refer to Exhibits B and C.

Staff recommends SF-6 district zoning based on the following considerations of the property: 1) this tract is intended to serve as a transition in land use between Manchaca Road and the single family residences of Canterbury Trails; 2) townhome / condominium uses are compatible with the adjacent single family residences while further diversifying the housing options available in this area, and 3) location at the intersection of an arterial and two collector streets. Consistent with the recommendations of the Neighborhood Traffic Analysis, the Staff also recommends a Conditional Overlay to limit development to 698 vehicle trips per day.

RELATED CASES:

The property was annexed into the City limits on December 31, 2002 and assigned I-RR district zoning. The property is identified on the approved Preliminary Plan of Canterbury Trails for multi-family / commercial (C8-97-0126). The undeveloped, 3.341-acre tract to the south is also proposed for SF-6 zoning (C14-06-0101).

MEMORANDUM

TO: Wendy Walsh, Case Manager
CC: Members of the Zoning and Platting Commission
John Kanak, Bury and Partners
FROM: Amy Link, Transportation Planner
DATE: July 10, 2006
SUBJECT: Neighborhood Traffic Analysis for Ravenscroft Drive and Melibee Trail
Zoning Case # C14-06-0102, Ravenscroft

The transportation section has performed a Neighborhood Traffic Analysis for the above referenced case and offers the following comments:

This tract consists of 8.026 acres and is located in south Austin along Manchaca Road. Currently vacant and zoned Interim Rural Residence (I-RR), this tract proposes Townhouse and Condominium zoning (SF-6). Single-family residential uses surround this tract to the north and east.

Roadways

Access to both Ravenscroft Drive and Melibee Trail is proposed.

Ravenscroft Drive is classified as a residential collector with varying right-of-way width between 90 and 70 feet. A median extends approximately 330 feet east of Manchaca Road. The pavement width on either side of the median is 22 feet. The pavement width becomes 46 feet after the termination of the median. Under Section 25-6-114 of the Land Development Code, Ravenscroft Drive is considered a residential collector street because at least 50 percent of its frontage is zoned for SF-5 or more restrictive uses.

Melibee Trail is also classified as a residential collector with 60 feet of right-of-way and 40 feet of pavement. This roadway is also considered to be a residential collector because at least 50 percent of its frontage is zoned for SF-5 or more restrictive uses.

Manchaca Road forms the western boundary for both tracts and is classified as a major arterial. Manchaca Road is the main artery providing access to the Canterbury Trails subdivision.

Trip Generation and Traffic Analysis

Based on the Institute of Transportation Engineer's publication Trip Generation, 7th Edition, the subject tract is capable of generating 1,444 trips per day, assuming that the site develops to the maximum intensity allowed under the zoning classification, without consideration of setbacks, environmental constraints, or other site characteristics. Trip generation for each tract is summarized in Table 1.

Land Use	Size	Trip Generation
Townhouse/Condominium	8.026 acres (max 99 units)	698

Table 2 represents the expected distribution of the trips for the subject tract:

Table 2	
Street	Traffic Distribution by Percent
Ravenscroft Drive	80%
Melibee Trail	20%

According to Section 25-6-116 of the Land Development Code, streets which are 40 feet or wider are considered to be operating at a desirable traffic level if the average daily traffic volume for such roadways is less than 4,000 vehicle trips per day.

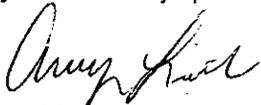

Table 3 represents a breakdown of existing traffic, proposed site traffic, and total traffic after development on Ravenscroft Drive and Melibee Trail.

Table 3					
Street	Pavement Width (ft)	Maximum Desirable Volume (vpd)	Existing Traffic (vpd)	Proposed New Site Traffic	Overall Traffic
Ravenscroft Drive	46 feet	4,000	2,158	559	2,717
Melibee Trail	40 feet	4,000	538	139 (+291 from C14-06-0101)	968

Recommendations/Conclusions

1. Currently, Ravenscroft Drive and Melibee Trail operate at desirable levels and will continue to operate at desirable levels with the addition of site traffic from the proposed developments. Therefore, no improvements to the roadway network are warranted at this time.
2. If the zoning is granted for this site, development shall be limited through a conditional overlay to no more than 698 vehicle trips per day.

SUMMARY STAFF RECOMMENDATION:

The Staff's recommendation is to grant townhouse and condominium residence – conditional overlay (SF-6-CO) combining district zoning. The Conditional Overlay limits the number of vehicle trips to no more than 300 per day.

BASIS FOR LAND USE RECOMMENDATION (ZONING PRINCIPLES)

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

The SF-6, Townhouse and Condominium Residence District, is intended as an area for moderate density single family, duplex, two-family, townhouse and condominium use. The applicant intends to develop the property with a condominium project consisting of two attached condominium units per structure.

2. *Zoning changes should promote compatibility with adjacent and nearby uses.*

Staff recommends SF-6 district zoning based on the following considerations of the property: 1) this tract is intended to serve as a transition in land use between Manchaca Road and the single family residences of Canterbury Trails; 2) townhome / condominium are compatible with the adjacent single family residences while further diversifying the housing options available in this area, and 3) location at the intersection of an arterial and two collector streets. Consistent with the recommendations of the Neighborhood Traffic Analysis, the Staff also recommends a Conditional Overlay to limit development to 698 vehicle trips per day.

EXISTING CONDITIONS**Site Characteristics**

The site is undeveloped and there appear to be no significant topographical constraints on the site.

Impervious Cover

Within the Slaughter Creek watershed, the maximum impervious cover allowed by the SF-6 zoning district would be 55%, which is a consistent figure between the watershed and zoning regulations.

Environmental

The site is not located over the Edward's Aquifer Recharge Zone. The site is in the Desired Development Zone. The site is in the Slaughter Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land

Development Code. Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Net Site Area</i>	<i>% with Transfers</i>
Single-Family (minimum lot size 5750 sq. ft.)	50%	60%
Other Single-Family or Duplex	55%	60%
Multifamily	60%	70%
Commercial	80%	90%

According to flood plain maps, there is no floodplain within, or adjacent to the project boundary.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding existing trees and other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment on this site will be subject to the following water quality control requirements:

- Structural controls: Sedimentation and filtration basins with increased capture volume and 2 year detention.

Transportation

No additional right-of-way is needed at this time.

The trip generation under the requested zoning is estimated to be 602 trips per day, assuming that the site develops to the maximum intensity allowed under the zoning classification (without consideration of setbacks, environmental constraints, or other site characteristics).

A traffic impact analysis was not required for this case because the traffic generated by the proposed zoning does not exceed the threshold of 2,000 vehicle trips per day. [LDC, 25-6-113]

A Neighborhood Traffic Analysis is required and will be performed for this project by the Transportation Review staff. Results are provided in Exhibit A [LDC, Sec. 25-6-114].

Water and Wastewater

The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at his own expense, will be responsible for providing the water and wastewater utility improvements, offsite main extension, system upgrades, utility adjustments, and utility relocation. Also, the water and wastewater utility plan must be

reviewed and approved by the Austin Water Utility. The plan must be in accordance with the City design criteria. The water and wastewater utility construction must be inspected by the City. The landowner must pay the associated and applicable City fees.

Site Plan and Compatibility Standards

Site plans will be required for any new development other than single-family or duplex residential.

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540-feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

The site is subject to compatibility standards. Along the north and east property line, the following standards apply:

- No structure may be built within 25 feet of the property line.
- No structure in excess of two stories or 30 feet in height may be constructed within 50 feet of the property line.
- No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line.
- for a structure more than 100 feet but not more than 300 feet from property zoned SF-5 or more restrictive, 40 feet plus one foot for each 10 feet of distance in excess of 100 feet from the property zoned SF-5 or more restrictive.
- No parking or driveways are allowed within 25 feet of the property line.
- In addition, a fence, berm, or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.

Additional design regulations will be enforced at the time a site plan is submitted.

- An intensive recreational use, including a swimming pool, tennis court, ball court, or playground, may not be constructed 50 feet or less from adjoining SF-3 property.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

Comments: I am in favor of the proposed zoning change with the following conditions: 1. the land developer is required to reduce the residence density to less than SF-6; 2. that the developer is required to build an adequate sized park/playground area within the boundaries of the above designated development address area, and 3. that the developer not be allowed to change or modify the existing decorative stone Canterbury Trails development "marker" nor change or modify the existing island area on Ravenscroft Drive.

Request for Zoning and Platting Commission Meeting Postponement
11301-11351 and 11401-11499 Manchaca Road
Austin, Travis County, Texas

Dear Wendy:

As representatives of the above-stated Property owner, we respectfully request a postponement for Zoning Cases C14-06-0101 and C14-06-0102, Items 13 and 14, scheduled for the Zoning and Platting Commission meeting on Tuesday, July 18, 2006. We are currently working with the Canterbury Trails Neighborhood Association, Hillcrest Neighborhood Association and Olympic Heights Neighborhood Association on the proposed rezoning to SF-6 allowing for a condominium/townhome use on each property. We request a postponement from the July 18, 2006 Zoning and Platting Commission meeting to the August 15, 2006 meeting to allow for additional time to work with the aforementioned neighborhood groups.

Please let me know if you should require any additional information or have any questions regarding this request. Thank you in advance for your time and attention to this project.

Sincerely,

Melissa M. Matthiesen

Comments: I strongly object to the building of condominiums or any multi-family dwelling in this area. Our ~~neighborhood~~ area would benefit more if the property was used for commercial purposes.

I do not want to see additional housing that would lower the property value of the existing housing already in place.

**RESOLUTION OF BOARD OF DIRECTORS OF
HILLCREST HOMEOWNERS ASSOCIATION
REGARDING PROPOSED ZONING DESIGNATION FOR NEIGHBORING
PROPERTY OWNED BY HUSTON-TILLOTSON COLLEGE**

WHEREAS, the Hillcrest Homeowners Association (the "Association") has become aware that a tract of land located near the intersection of Manchaca Road and Slaughter Lane, currently owned by Huston-Tillotson College, may be sold in the near future, with a new buyer likely requesting zoning to be implemented;

WHEREAS, said tract of land is located in the immediate vicinity of the homes owned by members of the Association, which is comprised of 470 single-family residences occupied primarily by families with school-aged children, and any development on said tract will directly and substantially impact the membership of the Association and their family members;

WHEREAS, the owner or a potential owner of this currently un-zoned tract has proposed that the City of Austin zone the property to allow for high-density residential development, including the building of triplex and four-plex units (the "Proposed Zoning"), with the potential addition of over five-hundred residents on a relatively small tract of land;

WHEREAS, the Proposed Zoning would create an undue impact on the already significant traffic congestion both along Manchaca Road and at the intersection of Manchaca and Slaughter Lane;

WHEREAS, the Texas Department of Transportation has indicated that a proposal to relieve traffic congestion in the area by widening Manchaca Road has been given a very low priority and will not happen anytime soon, if ever;

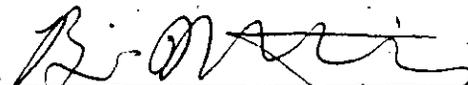

WHEREAS, the traffic impact resulting from the Proposed Zoning would make it substantially more difficult and dangerous for members of the Association to enter and exit their subdivision;

WHEREAS, the unduly high density permitted under the Proposed Zoning would decrease the desirability of the overall neighborhood, and have an adverse impact on property values for surrounding residential homeowners, including the members of the Association;

THEREFORE, the Board, on behalf of the Association, does hereby RESOLVE and take the position as an Association that the Proposed Zoning for the subject tract should be rejected by The City of Austin, and that the tract should be zoned for commercial/retail usage, said zoning being consistent with and complimentary to the existing neighborhood and one that will not unduly impact traffic and land valuations.

AGREED TO and ADOPTED this 27 day of July, 2006.

UNANIMOUS CONSENT OF DIRECTORS IN LIEU OF SPECIAL MEETING OF THE BOARD OF DIRECTORS

The undersigned, being all of the members of the Board of Directors of the Canterbury Trails Owners Association, Inc., a Texas non-profit corporation (hereinafter referred to as the "Corporation"), do hereby consent, pursuant to Article 9.10 of the Texas Non-Profit Business Corporation Act, and in lieu of the holding of a special meeting of the Board of Directors, to the adoption of the following resolutions:

1. AGREEMENT WITH THE SF-6 ZONING REQUEST CASES C14-06-0101 AND C14-06-0102 WITH RESTRICTIONS

Further information regarding desired restrictions: The Canterbury Trails Owner's Association (OA) is in favor of the SF6 Condominium/Town home zoning that is being requested by DR Horton on behalf of Huston-Tillotson University via the zoning cases C14-06-0101 and C14-06-0102 based on the modifications that have been agreed upon between DR Horton and the Canterbury Trails OA. The primary modification is the restriction of the number of units to 96 between the two tracts of land (70 on the north plat and 26 on the south plat) which reflects a density per acre that is more in line with the density per acre of the SF-2 zoning of the surrounding neighborhoods. We believe this will allow the seller to achieve their desired value from the land while allowing a developer to construct a property that blends in better with the neighboring communities of Canterbury Trails, Hillcrest, and Olympic Heights. Other agreements regarding the development have also been made between representatives from DR Horton and the Canterbury Trails OA. A letter detailing those agreements is attached for reference.

There are several reasons for the Canterbury Trails position on this issue. The largest of these is the additional safety concerns with adding such a large number of people to an area that is already congested. As most are aware, this area of Travis County already has traffic and roadway issues. As far as the residents of Canterbury Trails are aware, there are no current plans or funding to expand FM 2304 (Manchaca Road) from two lanes to four lanes between Ravenscroft Drive (Slaughter Creek area) and FM 1626. We are also under the impression that there is no current plan to add a traffic light at the Melibee Trail/Marcus Abrams Boulevard and FM 2304 intersection. Having this proposed development go in and out of that intersection, which is already quite congested, is a huge safety hazard for the residents of Canterbury Trails and Olympic Heights, as well as other commuters that travel FM 2304. We believe reducing the density of the residential development will slightly lessen this hazard, though we realize that the hazard cannot be significantly decreased until a traffic signal is installed at the intersection and/or the roadway is widened.

We also believe that the ideal locations of the entrances for this development (if the zoning is approved) are directly onto Manchaca Road and not onto Melibee Trail or Ravenscroft Drive. This will effectively eliminate the amount of traffic that is diverted through the Canterbury Trails neighborhood due to the congestion and difficulties one faces while trying to reach the primary traffic artery, which is FM 2304.

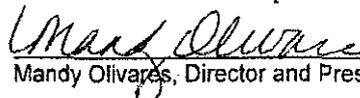

If for any reason the density of the development increases from the number of units agreed upon by the representatives from DR Horton and the Canterbury Trails Owner's Association, the members of the Canterbury Trails Owner's Association would be against the SF6 Condominium/Town home zoning and more in favor of a commercial zoning for said property. If a commercial zoning were to be granted, Canterbury Trails would like it to be either NO, GO, or LR, with the following restrictions from sections 25-2-4, 25-2-5, 25-2-6, and 25-2-7 of the Austin Land Development standards for Zoning:

- No more than 2 stories (or 35 ft) in height
- Disallow the following Commercial uses of the property.(section 25-2-4):

- Automotive Sales
- Automotive Washing
- Bail Bond Services
- Cocktail Lounge
- Commercial Off-Street Parking
- Consumer Convenience Services
- Drop-off Recycling Collection Facility
- Equipment Sales
- Food Preparation
- General Retail Sales (Convenience)
- Hotel-Motel
- Indoor Sports and Recreation
- Liquor Sales
- Off-site Accessory Parking
- Pawn Shop Services
- Recreational Equipment Sales
- Scrap and Salvage Services
- Service Station
- Disallow Industrial Uses (section 25-2-5)
- Disallow the following Civic uses of the property (section 25-2-6):
 - Detention Facilities
 - Major Utility Facilities
 - Residential Treatment
 - Telecommunication Tower
 - Transitional Housing
 - Transportation Terminal
- Allow any Agricultural Use (section 25-2-7)

RESOLVED, that pursuant to Article VIII, Section 8.03 of the Declaration of Covenants, Conditions and Restrictions for the Canterbury Trails Owners Association, Inc., the Board of Directors agrees to support the zoning request detailed in cases C14-06-0101 and C14-06-0102 if the above restrictions are applied.

IN WITNESS WHEREOF, the undersigned have executed this instrument to be effective the 10th day of August 2006.

NOTE: This letter replaces and supersedes the letter sent on August 7, 2006.

Attn: Ms. Mandy Olivares, President
Canterbury Trails Home Owners' Association
VIA EMAIL: mandydenice@aol.com

Dear Mandy:

You and your fellow homeowners have been very generous with your time when we have discussed with you the pending zoning cases for the two vacant tracts at the entrance to your neighborhood. Thank you for reviewing these cases in detail.

As you know, DR Horton is requesting your support of these zoning cases to facilitate their acceptance in order that the tracts can be used to construct residential buildings. In exchange for your support, DR Horton will endeavor to make the following commitments to you and your HOA:

1. Pursue an SF-6 zoning on both tracts.
2. Restrict the use of the tracts to 96 units (26 units on the smaller tract and 70 units on the larger tract).
3. To the extent legally possible, restrict the use of the tracts to condominium ownership.
4. Establish a new HOA to govern and oversee the residences built on the tracts.
5. Repair any damage, to its current condition, caused by construction to landscaping along Ravenscroft Drive.
6. Commit to locating driveway entrances in locations acceptable to the HOA and the City of Austin.
7. Establish a 6' high fence around the perimeter of the tracts. The actual placement of the fence will be adjusted in a reasonable manner to account for details such as, but not limited to: easements, topography, traffic sightlines, and driveways.
8. Establish a picnic and playground area within one of the tracts.
9. Pursue the appropriate legal avenues available in the City of Austin Code, State law & Federal law to establish a final, binding agreement that survives the initial sales period of the development of these tracts.

Feel free to contact me or Melissa Mathiesen of Bury + Partners at 328-0011. All of our commitments are obviously subject to the approval, as necessary, of the City of Austin. We look forward to discussing these items with you in the near future.

Sincerely,

Eric Schiedler

Re: Ravenscroft – Zoning Cases C14-06-0101 and C14-06-0102
Request for Density Reallocation
11301-11351 and 11401-11499 Manchaca Road
Austin, Travis County, Texas

Dear Wendy:

As representatives of the above-stated property owner, we respectfully request a reallocation of the number of units on each tract. We have agreed to limit the total number of units to 96 (on both tracts) with the current allocation being 70 units on the 8.026-acre tract (C14-06-0102) and 26 units on the 3.341-acre tract (C14-06-0101). The density limitations are included as conditions to the above-mentioned zoning cases. The Zoning and Platting Commission recommended approval of the rezoning cases on August 15, 2006.

After further review of the site planning and design for this project, it has been determined the density must be reallocated between the tracts. We request the 8.026-acre tract be allowed to develop 78 units (8 additional units) and the 3.341-acre tract be allowed to develop 18 units (8 less units). Therefore, we are not requesting an increase in density, but simply a shift in the number of units on each tract.

ORDINANCE NO. _____

1 AN ORDINANCE ESTABLISHING INITIAL PERMANENT ZONING FOR THE
2 PROPERTY LOCATED AT THE 11301-11351 BLOCK OF MANCHACA ROAD
3 AND CHANGING THE ZONING MAP FROM INTERIM RURAL RESIDENCE (I-
4 RR) DISTRICT TO TOWNHOUSE AND CONDOMINIUM RESIDENCE-
5 CONDITIONAL OVERLAY (SF-6-CO) COMBINING DISTRICT.
6

7 BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:
8

9 PART 1. The zoning map established by Section 25-2-191 of the City Code is amended to
10 change the base district from interim rural residence (I-RR) district to townhouse and
11 condominium residence-conditional overlay (SF-6-CO) combining district on the property
12 described in Zoning Case No. C14-06-0102, on file at the Neighborhood Planning and
13 Zoning Department, as follows:
14

15 A 8.026 acre tract of land, more or less, out of the Walker Wilson Survey No. 2,
16 Abstract No. 27, Travis County, the tract of land being more particularly described
17 by metes and bounds in Exhibit "A" incorporated into this ordinance (the
18 "Property"),
19

20 locally known as the property located at the 11301-11351 Block of Manchaca Road, in the
21 City of Austin, Travis County, Texas, and generally identified in the map attached as
22 Exhibit "B".
23

24 PART 2. The Property within the boundaries of the conditional overlay combining district
25 established by this ordinance is subject to the following conditions:
26

- 27 1. A site plan or building permit for the Property may not be approved, released, or
28 issued, if the completed development or uses of the Property, considered cumulatively
29 with all existing or previously authorized development and uses, generate traffic that
30 exceeds 698 trips per day.
- 31 2. Development of the Property may not exceed a density of 70 dwelling units.
32
- 33 3. Development of the Property may not exceed a density of 8.72 dwelling units per
34 acre.
35
36

1 Except as specifically restricted under this ordinance, the Property may be developed and
2 used in accordance with the regulations established for the townhouse and condominium
3 residence (SF-6) base district and other applicable requirements of the City Code.

ADDRESS: c/o Larry L. Earvin, 900 Chicon Street, Austin, Texas 78702

CONSIDERATION: Ten and No/100 Dollars (\$10.00) and other good and valuable consideration paid by the City of Austin to the Owner, the receipt and sufficiency of which is acknowledged.

PROPERTY: A 8.026 acre tract of land, more or less, out of the Walker Wilson Survey No. 2, Abstract No. 27, in Travis County, the tract of land more particularly described by metes and bounds in Exhibit "A" attached and incorporated into this covenant.

WHEREAS, the Owner of the Property and the City of Austin have agreed that the Property should be impressed with certain covenants and restrictions;

NOW, THEREFORE, it is declared that the Owner of the Property, for the consideration, shall hold, sell and convey the Property, subject to the following covenants and restrictions impressed upon the Property by this restrictive covenant. These covenants and restrictions shall run with the land, and shall be binding on the Owner of the Property, its heirs, successors, and assigns.

1. Development on the Property is subject to the recommendations contained in the Neighborhood Traffic Analysis memorandum from the Transportation Review Section of the Watershed Protection and Development Review Department, dated July 10, 2006, or as amended and approved by the Director of the Watershed Protection and Development Review Department.
2. If any person or entity shall violate or attempt to violate this agreement and covenant, it shall be lawful for the City of Austin to prosecute proceedings at law or in equity against such person or entity violating or attempting to violate such agreement or covenant, to prevent the person or entity from such actions, and to collect damages for such actions.
3. If any part of this agreement or covenant is declared invalid, by judgment or court order, the same shall in no way affect any of the other provisions of this agreement, and such remaining portion of this agreement shall remain in full effect.
4. If at any time the City of Austin fails to enforce this agreement, whether or not any violations of it are known, such failure shall not constitute a waiver or estoppel of the right to enforce it.
5. This agreement may be modified, amended, or terminated only by joint action of both (a) a majority of the members of the City Council of the City of Austin, and (b) by the owner(s) of the Property subject to the modification, amendment or termination at the time of such modification, amendment or termination.
